to Mr. Harry N. Scot social security distric manager in Dothan, is that they should sign up two or three months before they reach 65. If they wait until th month they reach 65 ( the following three month their hospital insurance

protection under medicar may begin right away, bu their coverage under voluntary doctor bill surance cannot start unt one to three months after they sign up for it. Mr. Scott explained that the medicare law provides a seven-month initial enrollment period for the voluntary doctor bill insurance part of the program. This period begins with the third month before the person is 65, includes the month in which he reaches 65, and ends with the third month thereafter. 'The best time to enroll," Mr. Scott said, "is in one of the three month before you reach 65. I you do so, your protection can start with the month

ing until that month to sign up will mean the coverage can't start until the following month. And enrollment in one of three months after the month you are 65 can mean a delay of up to three months in the start of your protection He further explaine that failure to sign up during the seven-month initia enrollment period may mean that the individual will have to wait until the next general enrollment period. This is always the last three months of oddnumbered years. But even then, the older person wil have to wait until the following July for the protection to start, and the

### TIGERS DEFEAT LUVERNE

CLOSE ATTENTION pays off for Coach Wendell Hart of the Elba Tigers. This photo was taken during the Elbaclose attention to the defenses of the Tigers. Hart expressed his dissatisfaction with Elba's defensive ball game he has ever playing during that game and spent last week letting the team know it. — Results: The Luverne game was played by a TEAM, a good team.
